A DAY IN THE LIFE OF A MISKATONIC UNIVERSITY STUDENT

Sometimes, University life can be exciting. Today is one of those days. This day takes you to THREE different MISKATONIC UNIVERSITY Locations.

In your Speculative Civilizations course, you practice casting one SPELL with either Barrier, Circle, Sign or Chant in the card title. During Biology you dissect a MONSTER.

Finally, you go on a field trip to a COUNTRY SITE where you attract an ALLY of the opposite sex as your Investigator.

LOST IN THE CATACOMBS

Catacombs and other burial spots have fascinated humankind for aeons. Growing up near the old Roman cities of Europe, you frequently sneak into those forbidden passages. In the CATACOMBS OF ROME or the CATACOMBS BENEATH PARIS you discover that Death is not always final, as a SKELETON, ZOMBIE, and MUMMY claw their way after you. Even if you flee to a nearby CHURCH, you discover that their master, a VAMPIRE awaits. Only if you live until the DAWN OF A NEW DAY do you survive.

THE AUCTION

Auctions are frequently good places to find extraordinary bargains for extraordinary items. Beginning in any CITY LOCATION located in Lovecraft Country, travel to THE AUCTION HOUSE in Vienna, Austria. Before the auction begins, find THIEVES IN THE ATTIC, and have a POLICE INVESTIGATION. Then, bid for an ARTIFACT or TOME that costs you TWO SANITY POINTS. Bring the item back to a second, different, CITY LOCATION in Lovecraft Country.

CONVULSANT EXPERIENCE

THE UNSPEAKABLE OATH

Procuring 'hard-to-find' goods for a select clientele is good business, but that MARSH fellow (my MARSH ALLY) sure is odd with that oath on that funny TOME and all. They must be building an army! Recently they've bought THREE WEAPONS shipments. My unease soon grew to PHOBIA proportions, but if I ever break that oath, I just know that I am doomed to CATASTROPHIC FAILURE and my wife and CHILDREN HAVE NIGHTMARES.
