**ONE SMALL STEP**

**HEROIC ADVENTURE**

By the turn of the millennium our space agencies (**KENNEDY SPACE CENTER** or **EUROPEAN SPACE AGENCY**) began exploring the cosmos (**SHUTTLE ICARUS** and **TWO** different **SPACE LOCATIONS**). But even the **PROPHECIES OF NOSTRADAMUS** could not predict what we found. There are races of **MONSTERS** (two Greater and two Lesser) inhabiting those nether reaches, ruled by their monstrous dark lords (a **GREAT OLD ONE** or **OUTER GOD**). Is there, then, any future for humankind?

"Good Morning, **DETECTIVE**. Here at FBI Headquarters (**J. EDGAR HOOVER BUILDING**) we are about to launch **Operation NEMESIS**. Your mission is to identify a suspected **CULTIST**, currently a member of a **UNITED NATIONS** delegation. We believe his ultimate destination to be our nation's Capitol (one **WASHINGTON D.C. LOCATION**), but beware: he is known to summon a **MONSTER** to do his bidding. The accompanying **TOME** will provide you with clues to his motives. Good Luck."

**OUT OF MY MIND**

**QUEST ADVENTURE**

Arriving in a simple brown wrapper, the antique book read **PNAKOTIC MANUSCRIPTS** across the plain cover. For hours I read, about strange creatures called **YITHIAN**, who possessed singular mental powers (**YITHIAN MENTAL CONTACT** and **YITHIAN PSYCHIC POSSESSION**). Apparently, they can travel through time at will, stepping from here (**WAKING WORLD LOCATION**) into the future (**NEW AEON LOCATION**) as easily as we step from room to room. They could be with us now!

**OUTBREAK**

**HEROIC ADVENTURE**

The carrier contracted the disease in Kingsport (**KINGSPORT LOCATION**)-he lived just a block from the **DAWN BIOZYME RESEARCH LAB**. He spread it to the others aboard the plane (**TRAVEL BY AIR**) and the **DOCTOR** was quickly overwhelmed despite his **EMERGENCY MEDICAL EQUIPMENT**. Authorities allowed an emergency landing at the **COUNTRY LOCATION**, after first establishing a **GOVERNMENT QUARANTINE** about the airport. Evidence collected by the **HAZ-MAT TEAM** confirmed everyone's worst fear: the dread **EBOLA VIRUS** was spreading!

**MYTHOS EXPERIENCE ADVENTURE**

Here you are a world-famous actor, and all your agent can get you is a **B-MOVIE SCRIPT**. You've seen this plot before in a dime-store **TOME**: the **SCIENTIST** or **PROFESSOR** invents a goofy-looking **TIME MACHINE**, which spews forth a shaggy **MONSTER**. The monster runs rampant, using its hypnotic abilities to **ENTHRALL VICTIMS** across the world (**THREE LOCATIONS** in different subregions). Only Our Hero and his sidekick, **TOODEE-6**, can save humankind.

Calling yourself a Reverend, you use your power of **MENTAL SUGGESTION** over your gullible flock. They actually believe that the secret of eternal happiness can be found on a planet circling **SIRIUS**! You hold rituals at the rented **CARLYLE HOUSE MUSEUM**, keep them isolated in the **COUNTRY LOCATION**, empty their **BANK VAULT** and take everything they own (**TWO ARTIFACTS** or **TOMES**). Now they will follow you anywhere, even unto death (**EVENT** that affects opponent's ally)
